h

How do they want us to prove we are childcare workers?

From kimberleysaxton to Everyone: 10:14 AM

Is Sutter/PAMF/ Kaiser etc. vaccines, not part of the county's 2000 vaccines?

From Nora Caruso to Everyone: 10:14 AM

Does the 2k include all outlets? County and private (sutter, kaiser etc) distributors? 2k total or 2k through the county?

From Troylene Valenzuela to Everyone: 10:15 AM

How do we sign up to get vaccines at the fairgrounds if we are 75 and older? Or is it 65 and older?

From Lisa Hirahara- Cabrillo College Children's Center to Everyone: 10:16 AM

Salud Para la Gente is offering vaccines for 65 and over at Watsonville Hospital. You can make an appointment by calling them.

From Lisa Hindman Holbert to Everyone: 10:16 AM

There is a website to sign up for vaccinations. Was that already shared? I hopped on late.

From Crissy Roubal to Everyone: 10:17 AM

Yes you need to be in a certain zip code

From Amy Warren to Everyone: 10:18 AM

The news today said 95076 zip code.

Salud Para la Gente is focusing on South County as well.

From Lisa Hindman Holbert to Everyone: 10:23 AM

The County will be providing a drive-thru COVID 19 vaccine clinic (with several lanes open for drive through). Monday 10am-4pm, Tuesday-Thursday 9:00am-4:30 for healthcare workers and individuals who are 75+ with Watsonville Zip Code (95019, 95076, 95077) to reach populations most impacted by COVID in our county Bring ID for verification of age and zip code.

Use the second post. The first one has a typo. Sorry about that. There is a walk through question application process. Super brief and several options today

From Nora Caruso to Everyone: 10:23 AM

Double up! two masks are better than one

From Lisa Hindman Holbert to Everyone: 10:26 AM

If you're on Facebook, follow Santa Cruz County for updates.

@ Melanie. County issued evacuation notices for some areas in SLV. Does anyone need that info?

From Jennifer Buesing to Everyone: 10:28 AM

From Melanie Sluggett to Everyone: 10:34 AM

When using this portal how are you addressing confidentiality?

From Jonnie Cardinale to Everyone: 10:34 AM

Is there information or data as to how many preschools in SC County have been involved with cases or exposures and which have had to implement reporting protocols?

From Stephanie Simmons Coastal Community Preschool to Everyone: 10:34 AM

Not able to listen to the whole meeting today. How do I listen to the recording?

From Me to Everyone: 10:35 AM

This meeting is being recorded.

From Stephanie Simmons Coastal Community Preschool to Everyone: 10:35 AM

My question is how do I listen to it at a different time?

From Amy Warren to Everyone: 10:36 AM

Are names required for children and/ or staff?

From Lisa Hindman Holbert to Everyone: 10:40 AM

And not all exposure events have been reported.

Or even known.

From Amy Warren to Everyone: 10:42 AM

Is it possible to receive the info on the specific laws that would protect us from a HIPPA violation giving specific identifying information? I'm sure there are exemptions during a pandemic however normally this would violate HIPPA.

From Lisa Hindman Holbert to Everyone: 10:43 AM

Not always.

From yona adams to Everyone: 10:44 AM

I understand the concern of keeping the personal information private for the individuals that participate in your program. Per our discussion, the code that allows for the disclosure of Personal Health Information for public health reasons is from 45 CFR 164.512(b). I've included a link below for you to reference.

From Amy Warren to Everyone: 10:45 AM

Thank you

From Lisa Hindman Holbert to Everyone: 10:47 AM

I have a few questions/thoughts.

From Ana Villafuerte -Eng to Everyone: 10:48 AM

Do we report every single positive case or only 3 positive cases within a 14 day period?

From Faris Sabbah (He/Him) to Me: (Privately) 10:49 AM

I want to share the info on requiring vaccinations

From yona adams to Everyone: 10:49 AM

In the school setting we are using the cut off of 1 unlike businesses who use the cut off of 3

From Destiny Malone to Everyone: 10:49 AM

what does "around the time" they were present 72 hours?

From Maria Castro to Everyone: 10:49 AM

I think it would be useful to have a flier sent out to staff and providers re the benefits of vaccination. So when it's available, childcare folks are more likely to get the vaccine. Something specific for childcare folks....

From Me to Faris Sabbah (He/Him): (Privately) 10:49 AM

Ok

From Crissy Roubal to Everyone: 10:51 AM

if we are unsure....is it okay to call you with questions

From Jonnie Cardinale to Everyone: 10:51 AM

Diane and Sita could you please share the data on exposure/cases/COVID related closures/reporting when it is available? I am curious as preschools have not been included in the State's UCSF study and am feeling our important sector's data is being missed

From Anne Striffler to Me: (Privately) 10:54 AM

I would love that letter template for families that Lisa Hindman mentioned.

From Jill Susskind to Me: (Privately) 10:54 AM

Hi Diane - I don't think I'm on your e-mail list. I do get things from Sita but not you. Can you add me? jillo@cruzio.com Thank you!

From Me to yona adams: (Privately) 10:55 AM

Thank you, we only have 5 minutes left.

From Jill Susskind to Everyone: 10:56 AM

From Mary & Friends Childcare to Everyone: 10:57 AM

sorry what the situation difference if reporting to licensing? at 3 cases

From Jennifer Buesing to Everyone: 10:57 AM

@ Destiny Malone "Around the time" means during the cases infectious period. Which would mean 2 days prior to the cases onset of symptoms or 2 days prior from the date they took a test that was positive. And for 10 days after that time.
