

COE Child Care Briefing Meeting 1.10.22

Good Morning!

Best Monday this

From Lisa Hirahara- Cabrillo College Children's Center to Everyone 10:01 AM

Good morning!

From Mercedes Hernandez to Everyone 10:01 AM

Good morning everyone

From Amy Warren to Everyone 10:02 AM

Good Morning everyone, need your opinion please. If two siblings of a child in my facility have had two separate exposures and they are staying home in quarantine should the child be allowed to attend preschool? HELLLLPP 😊

So far all negative but its early.

From kimberleysaxton to Everyone 10:02 AM

If they are exposed and unvaccinated, then they can't attend school. We don't allow the sibs to attend if they are unvaccinated.

From Irene Aguirre to Everyone 10:02 AM

Good Morning!

From Laura Tobias to Everyone 10:03 AM

Amy...Did you student have the direct exposure or just their siblings?

From Crissy Roubal to Everyone 10:03 AM

Good Morning

From Amy Warren to Everyone 10:04 AM

Siblings but they're all unvaccinated.

From toddlercenter to Everyone 10:04 AM

I'm interested in knowing how many of you have had to close in the past week due to COVID with staff or kids.

From Amy Warren to Everyone 10:04 AM

Just makes me nervous especially since the child is under two and unmasked while at my facility.

From toddlercenter to Everyone 10:04 AM

We closed last week W-F and are back open today.

From Kathryn Berens to Everyone 10:05 AM

St Stephens closed last Wednesday

From Crissy Roubal to Everyone 10:06 AM

Thank you

From Nancy Cohen to Everyone 10:06 AM

We (Rocking Horse Ranch) have not had to close but we have really low numbers due to quarantine policies...those protocols are killing parents!!!!

From Laura Tobias to Me (Direct Message) 10:07 AM

Will you please add me to your email list: b2klaura@gmail.com - Thank you!

From Nancy Cohen to Everyone 10:07 AM

There are N-95 kids masks

From Anne Striffler to Everyone 10:07 AM

I was waiting for an email with the consent form for the test kits we trained on last week...

From Caitlin Clancy to Everyone 10:07 AM

<https://docs.google.com/spreadsheets/u/0/d/1i06OAItoOwIUaMjElr8mhh0Rw-it6WL-ODIQMZUOQxE/htmlview#gid=0>

One parent sent me this cart for kids masks

From Brianne Ryan to Everyone 10:07 AM

Kf94 masks is what I hear

From Irene Aguirre to Everyone 10:07 AM

if staff's daughter has COVID (both vaccinate) when can staff come back to work?

From Brianne Ryan to Everyone 10:07 AM

Heard

From Donna Cherie to Everyone 10:08 AM

Midtown Montessori is gratefully open.

From Brenda Ruiz to Me (Direct Message) 10:08 AM

record

From Nancy Cohen to Everyone 10:09 AM

We saw the latest CDPH guidance that came out Saturday...is that what we can now follow?

From Laura Tobias to Everyone 10:09 AM

At B2K we are asking that everyone, students & staff wear surgical or preferably N95 masks.

From Nancy Cohen to Everyone 10:09 AM

When can preschools follow modified quarantine like K-12?

From Lisa Hindman Holbert to Everyone 10:09 AM

Kimberly was working too, right?

From Irene Aguirre to Everyone 10:12 AM

staff

From Sita Moon to Everyone 10:12 AM

Oscar just texted me that he is out of town right now and his network disconnected him. He can't get back on, so he won't be able to translate today.

Me to Laura Tobias (Direct Message) 10:15 AM

Thank you - Sita!

From iPad to Everyone 10:15 AM

Good morning everyone

Me to Sita Moon (Direct Message) 10:16 AM

Sita, can you let send the message in Spanish to everyone? Diane

From Sita Moon to Me (Direct Message) 10:16 AM

I'll try.

From Nancy Cohen to Everyone 10:16 AM

Isn't it true that once you are positive you will test positive for up to 90 days...so how do you produce a negative test before then?

From Caitlin Clancy to Everyone 10:17 AM

Good question Nancy I wonder the same

From Sita Moon to Everyone 10:17 AM

Hola a todos usando traduccion. Oscar tiene un problema con su conneccion de internet. Ya no puede traducir para esta llamada. Lo sieinto.

Me to Anne Striffler (Direct Message) 10:18 AM

WE will send it out today. Also, I have your sweater. You left it at the test training.

Me to Faris Sabbah (He/Him) (Direct Message) 10:21 AM

Faris, Oscar lost internet connection. He was coming from Ventura.

From Patricia Munoz to Everyone 10:22 AM

What if someone is vaccinated and has the booster and does a COVID-19 test (its negatives), but has symptoms; what guidelines should that person follow?

From Kathryn Berens to Everyone 10:23 AM

What are the drive through hours this week for PCR and antigen tests. please confirm site locations this week

From Lisa Hirahara- Cabrillo College Children's Center to Everyone 10:24 AM

Are there more antigen test kits available for us to pick up at COE?

From Suzanne to Everyone 10:24 AM

Can this updated chart be sent out?

From Jill Susskind (she/her) to Everyone 10:24 AM

How often are you all testing your children?

From toddlercenter to Everyone 10:24 AM

I had a staff report that they went to Cabrillo on Thursday for an antigen test and was told that they didn't have any left, and that "they weren't really doing that anymore"

From Me to Everyone 10:24 AM

We will send this chart out today.

From toddlercenter to Everyone 10:25 AM

We're doing weekly antigen tests here, and asking families/staff to also do weekly per tests

From Amy Warren to Everyone 10:26 AM

I am wondering how accurate the numbers are when parents picked up the home kits through the districts and were positive but don't notify anyone. I know of a few occasions where this has occurred.

From Maria Fatima Castro to Everyone 10:26 AM

Is there a standard bilingual form for staff to complete with their status and dates of their vaccines? Or should we create our own?

From Mercedes Hernandez to Everyone 10:26 AM

Muchas Gracias

From Melanie Sluggett to Everyone 10:26 AM

PCR tests are taking 3-5 days to get results now...

From Troylene to Everyone 10:29 AM

Diane - can you send me a copy of the General Protocol for Symptoms for children? I didn't receive that one in your email this morning.

From Stephanie Simmons Coastal Community Preschool to Everyone 10:29 AM

what about naptime?

From Amy Warren to Everyone 10:29 AM

Can't wear masks while sleeping

From Lisa Hindman Holbert to Everyone 10:30 AM

Yes, we Are holding to 10 days

From Me to Everyone 10:30 AM

Hi everyone, this is a new chart that will be sent out this morning.

From toddlercenter to Everyone 10:31 AM

We are sticking to the 10 days and symptom free across the board for staff and children who test positive.

From Amy Warren to Everyone 10:31 AM

Parents are getting upset when we are stricter when the K-12 are allowed after 5 days. At least in my experience.

From Maria Fatima Castro to Everyone 10:31 AM

Licensing says no masks during naptimes

From toddlercenter to Everyone 10:32 AM

Also, no masks during meals....

From Patricia Munoz to Everyone 10:32 AM

If siblings are enrolled in the same care and one has symptoms but the other doesn't are both children asked to stay home/test or only the symptomatic child goes home?

From Maria Fatima Castro to Everyone 10:33 AM

would it help if there was an official letter for parents to take to their employers explaining the childcare dilemma?

From toddlercenter to Everyone 10:33 AM

Also, our preschool kids are not vaccinated, move around more in the environment and can't wear masks as reliably, so it doesn't make sense for them to have the same standards as school age kids.

From Faris Sabbah (He/Him) to Everyone 10:34 AM

New FlowChart

https://docs.google.com/drawings/d/1OBs7Ks6pfRKGF4eXtgv4KoG8KOVpsJZvs5jis_izIfU/edit?usp=sharing

From amy fair to Everyone 10:34 AM

Where can one go to get that done, the antigen test, if the school does not have that as an option? And home antigen is not allowed

Me to amy fair (Direct Message) 10:35 AM

Amy, I'll send you a location flyer for Antigen tests this morning.

From Faris Sabbah (He/Him) to Everyone 10:38 AM

All drive thrus have antigen testing

From Maria Fatima Castro to Everyone 10:38 AM

So parents could be out for 20 days?

From Jill Susskind (she/her) to Everyone 10:38 AM

Is that for vaccinated exposed sibs too?

From Nancy Cohen to Everyone 10:38 AM

These protocols are so challenging for working parents!!!!!!

From Lisa Hindman Holbert to Everyone 10:38 AM

Yes, we would serve them

From Stephanie Arguelles to Everyone 10:39 AM

One of our sites (Discovery) had an exposure last week. This morning, we were on the phone with public health and they told us the children need to quarantine for 10 days not 5 (even if testing negative on day 5) since children are unvaccinated and not guaranteed to mask diligently and appropriately.

From amy fair to Me (Direct Message) 10:40 AM

Thank you!!!!

From Stephanie Arguelles to Everyone 10:41 AM

Oh, we see the "if" on the chart in regard to masks now. Thank you for creating this chart Faris!

From Faris Sabbah (He/Him) to Everyone 10:42 AM

Staff Protocol

https://docs.google.com/drawings/d/1zyNOgObFfXUSpuNuZy_3wNVafEvAVVkrC_XqNEoHs8/edit?usp=sharing

From amy fair to Me (Direct Message) 10:42 AM

What you're sending me will likely have this but last week I took my son to the COE and they said they didn't have any antigen tests available. I had said the Dr. Sabbah had said to do both tests... I also saw something about only be open now from 2-5?? But, what you're sending you might answer all of this!

From Tricia Pastor-Cabrillo College to Everyone 10:43 AM

My understanding is that nothing has changed about children wearing a mask inside/outside... if so, it sounds confusing as though we are able to have children not wear masks.

I'm also trying to wrap my head around the change in 10 days to 5 days?

Can you please clarify.

Me to Tricia Pastor-Cabrillo College (Direct Message) 10:43 AM

Tricia do you want to ask Faris your question?

From Tricia Pastor-Cabrillo College to Me (Direct Message) 10:44 AM

Sure

From toddlercenter to Everyone 10:45 AM

We're in a bigger surge than we've ever experienced, and yet CDC protocols have loosened. Doesn't seem to make sense, so we're sticking with the old protocols. It's super difficult for families but we have committed to prioritizing the health of our staff, children and families.

From Nancy Cohen to Everyone 10:47 AM

Is modified quarantine still an option in K-12? If so, will that be an option for preschool sometime soon?

Are more antigen tests available for us if we've already been through the training and received on kit already?

From Melanie Sluggett to Everyone 10:47 AM

LOSD preschool wears masks outside

From Maria Fatima Castro to Everyone 10:47 AM

Most were not wearing masks outside...

From Laura Tobias to Everyone 10:48 AM

B2K wears masks outside

From Anne Striffler to Me (Direct Message) 10:49 AM

The five-day decision was based on the airlines needing staff back...but yes, omnicrom is quicker...

From Irene Aguirre to Everyone 10:50 AM

if staff's daughter is positive.... both vaccinate can staff can come to work?

From Mercedes Hernandez to Me (Direct Message) 10:51 AM

Hi Diane, my name is Mercedes hernandez - you mentioned you can share guidelines or have shared them. Under what name are they under for me to find? Theres so many emails.

From toddlercenter to Everyone 10:52 AM

If the community is safe, we're all safe. Great to offer it to as many as possible imo

From Lisa Hirahara- Cabrillo College Children's Center to Everyone 10:52 AM

The news said this morning that antigen tests aren't detecting Omicron.

From toddlercenter to Everyone 10:53 AM

Cue tests are going to be an option just for educators, right?

From Maria Fatima Castro to Everyone 10:53 AM

I think that using Cabrillo is a great benefit to the prestige of Cabrillo in the community.

Me to Mercedes Hernandez (Direct Message) 10:53 AM

Hi Mercedes, it will come from me at dmunoz@santacruzcoe.org.

From Maria Fatima Castro to Everyone 10:53 AM

Plus, the locations are central and well known.

From Kathryn Berens to Everyone 10:54 AM

I agree with Tricia my families are having access issues

From Mercedes Hernandez to Me (Direct Message) 10:55 AM

Thank you so much! 😊

From Faris Sabbah (He/Him) to Everyone 10:55 AM

Consent Form

<https://docs.google.com/document/d/1BoKSOgBZV2-ojxiVmJpvDfCIOJpO19NSgyhogxqElck/edit?usp=sharing>

From toddlercenter to Everyone 10:55 AM

Do we need consent forms if parents are doing the swabbing?

From Caitlin Clancy to Everyone 10:56 AM

I had been in contact with Inspire about setting up surveillance testing and they are no longer responding to me. Are there other resources for surveillance testing? I am sorry to hear Covid has hit the Inspire Diagnostics team!

From Faris Sabbah (He/Him) to Everyone 11:00 AM

Testing

COE: 2 to 5pm

Cabrillo: 9 to 5pm

PVUSD-DO: 9 to 5pm

Please call

(831) 466-5904

covidprotocols@santacruzcoe.org

From Me to Everyone 11:01 AM

COVID School Guidelines: [file:///C:/Users/dmunoz/Downloads/2021-2022%20School%20Guidelines%20-%20English%20\(2\).pdf](file:///C:/Users/dmunoz/Downloads/2021-2022%20School%20Guidelines%20-%20English%20(2).pdf)

Guidelines

From toddlercenter to Everyone 11:01 AM

Thanks, Faris.

From Crissy Roubal to Everyone 11:02 AM

Thank you

From Lisa Hirahara- Cabrillo College Children's Center to Everyone 11:02 AM

Thank you!

From Caitlin Clancy to Everyone 11:02 AM

THANK YOU!

From Donna Cherie to Everyone 11:02 AM

Thank you everyone!!

From Lily Hasebe to Everyone 11:02 AM

Thank you!

From amy fair to Everyone 11:02 AM

Thank you!!!

From Jesucita to Me (Direct Message) 11:02 AM

Thank you

From Laura Tobias to Everyone 11:02 AM

Thank you so much!! Very informative and helpful meeting.

From Irene Aguirre to Everyone 11:02 AM

Thank you

From iPhone to Me (Direct Message) 11:02 AM

Thank you

From Kristen to Everyone 11:02 AM

Thank you all so much

From iPad to Everyone 11:02 AM

Thank you so much to everyone have a great day

From Mercedes Hernandez to Everyone 11:02 AM

Thank you very much

From Maria Rosario Navarro to Everyone 11:02 AM

Thank you

From Faris Sabbah (He/Him) to Everyone 11:03 AM

Guidelines
