I highly recommend everyone get trained. I tested all the staff and children this morning, and some parents. Went smoothly and everyone was grateful for this resource.

From Caitlin Clancy to Everyone 10:14 AM

So, to clarify-if an unvaccinated child tests positive then the requirement is they quarantine for 10 days with a negative test? Is there an updated flow chart that shows steps, what kind of testing is required, etc.?

From iPad to Everyone 10:16 AM

Hi good morning to everyone

If we don't have a kit to test the children can we have the parents take them to all get tested? Before I reopen my Daycare?!

From Nora Caruso (she/her) to Everyone 10:16 AM

Are CUE tests going to be available for symptomatic teachers soon?

From Lisa Hirahara- Cabrillo College Children's Center to Everyone 10:18 AM

Faris, the testing kit that was provided during our training is set to expire in February, have you received another batch that I can get from you? Thank you!

Good to hear. Thank you!

Was a waiver for permission to test children (Antigen) at our sites ever emailed out?

During the antigen test training you had mentioned schools with 25+ students can sign up for surveillance testing through Inspire....is this an option for preschools?

From Amy fair to Everyone 10:22 AM

Are those testing positive symptomatic? Or are they just choosing to test and receiving the positive result?

Thank you!

Faris provided a great chart at a previous meeting that explains how the transition would take place and what months will be included each year.

From Nora Caruso (she/her) to Everyone 10:36 AM

Is it a mandatory webinar? Do you know how many tests they will be distributing?

From Kathryn Berens to Everyone 10:37 AM

If we already did this with Faris must we do it again?

From Nora Caruso (she/her) to Everyone 10:39 AM
