Larry, do you mind leading the discussion on the latest exposure matrix that Faris sent out yesterday? I'll share it on the screen.

From Linda Orosco to Everyone: 10:24 AM

This measure will not increase any funding for law enforcement, correct? Not tied in to "funds for children."?

From Amy Warren to Everyone: 10:26 AM

Thank you - Martine!

From Tricia Pastor-Cabrillo College to Everyone: 10:27 AM

Similar to Prop 10 tobacco tax.... Thank you - Martine!

From Lisa Hindman Holbert to Everyone: 10:31 AM

Where is that one from Maria?

From Jessica Steurer to Me: (Direct Message) 10:31 AM

I have a question regarding a lasting cough after a cold and a Negative COVID test. If a child is otherwise healthy, with a negative test, but has a lingering cough can they return to school?

From Lily Hasebe to Me: (Direct Message) 10:32 AM

Can you send me the link to: [nccsantacruz@gmail.com](mailto:nccsantacruz@gmail.com). Thank you very much!

From Maria Castro to Everyone: 10:33 AM

COE website---from Faris because we asked for a simpler version.

From Ramona McCabe (she, her) to Everyone: 10:34 AM

From the matrix, child that had symptoms: Returning to Program

- If the test is negative, a person can return to the program 24 hours after fever goes away and other symptoms improve; they must bring proof of a negative test or a medical note to explain why they were not tested.

- If positive, they can return once the full isolation period is completed

From Me to Ramona McCabe (she, her): Direct Message) 10:35 AM

Thank you!!

From Debbie Banuelos to Everyone: 10:36 AM

Thank you for saying this Tricia

From Ramona McCabe (she, her) to Me: (Direct Message) 10:36 AM

Of course!

From Troylene to Everyone: 10:37 AM

Tricia, I'm with you!

From Amy Warren to Everyone: 10:37 AM

We are in the same position. I have also had many new parents tour our facility who were MAD and refused to enroll their children because we require masks. Their last facilities NEVER required children to wear masks the ENTIRE pandemic....UGH

From Jessica Steurer to Everyone: 10:37 AM

Thank you! We are using the same policy. It's hard!

From msluggett to Everyone: 10:38 AM

I agree///WE have to advocate for the children! As we always have:)

From Maria Castro to Everyone: 10:38 AM

It does help to repeatedly remind parents that they need to prepare a back-up plan now because there are bound to be more closures.

From Debbie Banuelos to Everyone: 10:49 AM

safe space to learn and also advocate... count me in  
that is scary

From msluggett to Everyone: 10:50 AM

I need to leave another meeting soon. Have a good week everyone...

From Maria Castro to Everyone: 10:50 AM

Maybe they're out of the loop and aren't getting regular information...should we reach out to places who are not currently part of this group?

From Stephanie Simmons Coastal Community Preschool to Everyone: 10:51 AM

I am shocked. Anyone operating a home day care or a preschool facility and attends a Licensing meeting should know that ALL children 2 years and older MUST wear masks inside the building.

From Lisa Hindman Holbert to Me: (Direct Message) 10:54 AM

Can you allow me to share screen?

From LWilliams to Everyone: 10:56 AM

I'm at a private center. I'm at these meetings every Monday and I receive all the information and we WEAR masks.
