

COE Child Care Briefing Mtg. 10.4.21

Good morning everyone!

From Nora Caruso (she/her) to Everyone: 10:09 AM

Please remind me - are able to require that parents of children in our program are vaccinated?

From Christina Valentin to Everyone: 10:11 AM

How many months after your second vaccine do you have to wait to get the booster shot?

From Lisa Hindman Holbert to Everyone: 10:13 AM

6 months

If it's a board approved policy, yes

From Maria Castro to Everyone: 10:13 AM

Licensing told us that we can discourage parents' entrance into FCCH---but if they insist we have to let them in (FCCH)

From Lisa Hindman Holbert to Everyone: 10:14 AM

<https://myturn.ca.gov>

From Tricia Pastor-Cabrillo College to Everyone: 10:14 AM

Faris-do you anticipate that boosters will be required in the future?

From Lisa Hindman Holbert to Everyone: 10:14 AM

Parents' rights prevail

From Crissy Roubal to Everyone: 10:16 AM

getting my booster this Thursday. [Myturn.ca.gov](https://myturn.ca.gov)

From Faris Sabbah (He/Him) to Everyone: 10:18 AM

https://docs.google.com/drawings/d/1kohrGiYYju2s1s2wiR_uV3WnfoAFKJG4yLxeri9g_oc/edit?usp=sharing

From Nora Caruso (she/her) to Everyone: 10:20 AM

Was there something about centers getting access to antigen tests?

From Maria Castro to Everyone: 10:21 AM

I just had my first encounter with a hardcore angry antivaxxer. Are there resources to teach us how to respond? I was paralyzed...

From Lisa Hindman Holbert to Everyone: 10:23 AM

I'm interested in that as well.

@Maria we took de-escalation training offered through the Conflict Resolution Center.

<https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/holidays/celebrations.html>

Updates posted on 10/1 for holiday celebrations.

From Crissy Roubal to Everyone: 10:31 AM

That is all confidential information. Those parents have no right to that student's information.

From dbanuelos to Everyone: 10:32 AM

I have a policy that I use across the board, parents don't like it, but I continue to implement it.

From Destiny Malone to Everyone: 10:32 AM

It is challenging, we have had several families pull out and get a nanny and our protocols are pretty standard. They can't afford to miss work for a runny nose or cough. As long as you have your doctors' notes, clearing them allows them to be there.

From Lisa Sandoval to Everyone: 10:34 AM

The tests through Inspire seem to be turning around in less than 24 hours.

From Lisa Hirahara- Cabrillo College Children's Center to Everyone: 10:35 AM

From my experience, expect a slightly longer turnaround time than 24 hours if you are tested on Saturday through Inspire. Weekdays I receive my results in less than 24 hours.

From Lisa Hindman Holbert to Everyone: 10:38 AM

It was great!! Thank you.

From Tricia Pastor-Cabrillo College to Everyone: 10:38 AM

Thank you Faris and Diane, for your dedication to the early care and education community. You are exceptional!

From Nora Caruso (she/her) to Everyone: 10:38 AM

Can you record it so we can do it asynchronously?

From Lisa Hirahara- Cabrillo College Children's Center to Everyone: 10:38 AM

I appreciated the very informative SPOT training. Thank you!

From Crissy Roubal to Everyone: 10:38 AM

I Agree Tricia

From PVCC to Everyone: 10:39 AM

interested on next training for reporting a positive COVID case

From Faris Sabbah (He/Him) to Everyone: 10:42 AM

SPOT Training was recorded. We will send you the link

From Maria Castro to Everyone: 10:43 AM

There are quite a few articles about the effects of masking on young children's social/emotional development. It might be interesting to have a discussion and consider strategies sometime soon....

From Nora Caruso (she/her) to Everyone: 10:45 AM

Thanks, Lisa.

From Faris Sabbah (He/Him) to Everyone: 10:45 AM

Great Idea, Lisa

From Angelica Renteria to Everyone: 10:46 AM

Thank you, Lisa!

From Tricia Pastor-Cabrillo College to Everyone: 10:47 AM

Cabrillo has just revised our exclusion policy and procedures for families with the assistant of our Health Services Director and COE policies that I can share with the group. Lisa, I'd be happy to work with you on this.

From Lisa Hindman Holbert to Everyone: 10:48 AM

@Tricia great. Anyone can email me at lisah@cbridges.org

From Erendira Guerrero (She, Her, Ella) to Everyone: 10:50 AM

We are going through the same process as Cabrillo, I will send Lisa our update.

From Nora Caruso (she/her) to Everyone: 10:53 AM

With the lifting of the indoor mask mandate we're bound to see some more spread.

From Maria Castro to Everyone: 10:55 AM

We provide a letter for parents to take to their employers---that might help a bit. And reminding them monthly via fliers, postcards, texts that they need to be prepared for occasional shut downs. So, it's not a surprise when it happens.

From Crissy Roubal to Everyone: 10:56 AM

There are no travel restrictions anymore...is this correct? out of state.

From LWilliams to Everyone: 10:59 AM

We are all in a very challenging position. As Tricia mentioned, informing parents ahead of time about the "if" this happens, then we do this and give the reason why. In that way parents are aware whether they like it or agree with it or not.

Yes, communication is key! Repeat, repeat, repeat. :)

So true Lisa!

From Irene Aguirre to Everyone: 11:01 AM

travel with kids?

Thank you

From Crissy Roubal to Everyone: 11:01 AM

Thank you

From LWilliams to Everyone: 11:01 AM

Thank you everyone! Hang in there!

From Troylene to Everyone: 11:01 AM

Thank you!

From Elvira Ruiz to Everyone: 11:01 AM

gracias buen día
