From Me to Everyone 10:07 AM

Good morning everyone - Anthony Studebaker, CCL will not be here this morning due to a pending legal issue he needs to attend to today. We will reschedule his presentation.

From Teresa Maguire to Everyone 10:16 AM

Regarding testing to return, do they need to do an at home antigen or do they have to do the drive thru?

From Sara Balla to Everyone 10:16 AM

Is every exposure considered "equal"? For example, a community exposure vs. an exposure within the home (a sibling, parent, etc.)?

From kimberleysaxton to Everyone 10:18 AM

Faris, I would love your "best guess" on IF the masks come off in mid-March for K-12, then how likely is it that childcare would follow the same timeline?

From Nancy Cohen to Everyone 10:18 AM

I bet lots of us are here to hear about masking...How can the Super Bowl happen, unmasked, but we cannot have speech-vulnerable, preschoolers be unmasked???????

From Maria Castro to Everyone 10:18 AM

CDC Federal CDPH State/Estado

From Sara Balla to Everyone 10:19 AM

Yes Nancy!!

From Jill Susskind (she/her) to Everyone 10:20 AM

Are you all still masking outdoors (for children and adults)?

From Maria Castro to Everyone 10:20 AM

Head Start requires masking no matter the State guidelines--unless it's one of the States that are taking the issue to court.

From Sara Balla to Everyone 10:20 AM

Jill, I'm moving to stop masking outside unless there is an exposure we're aware of

From Lisa Hindman Holbert to Everyone 10:21 AM

From Stephanie Arguelles to Everyone 10:25 AM

Lisa, some of our families have reported being turned away as well

From Melanie Sluggett to Everyone 10:25 AM

Staff were told 2 weeks ago to have ID also in order to get the antigen test....it might have been a supply issue

From Kathryn Berens to Everyone 10:28 AM

In the beginning we were required to post specific COVID paperwork in the front window of business/preschool with phone number and questionnaire. Can we take it down, is there new information to post?

From Sara Balla to Everyone 10:28 AM

Question about licensing website screenshot above

From Nora Caruso (she/her) to Everyone 10:29 AM

If masking is lifted in schools today, will our county choose to be more restrictive and keep them on?

From Diana Hodge, Co of Santa Cruz to Me (Direct Message) 10:29 AM

If I can help by answering here, I can, as I am attending today.

From Amy Warren to Everyone 10:30 AM

Any updates on vaccines for those under 5?

From Lisa Hindman Holbert to Everyone 10:30 AM

Because we are underrepresented, I think it is important to bring all positive cases forward.

From Melanie Sluggett to Everyone 10:30 AM

What is the address of the new testing site in Watsonville? And what are days and hours of operation? Thanks,

From Faris Sabbah (He/Him) to Everyone 10:31 AM

From Lisa Hindman Holbert to Everyone 10:35 AM

Licensing has said that centers are to report all positive child/staff cases as well.

From Melanie Sluggett to Everyone 10:38 AM

Please clarify the difference between "positive exposure" and positive case" .it is an important distinction

Thank you for the clarification 😊

Where can we get a copy of the new chart you share?

From Nancy Cohen to Everyone 10:45 AM

From Megan Baroni to Everyone 10:49 AM

Where can we find the UTK chart again? As far as the specific dates and ages

From Maria Castro to Everyone 10:49 AM

I do know that a group is talking to Licensing on ratios (at the State level).

From Jill Susskind (she/her) to Everyone 10:51 AM

Faris I love how you always say "we" -- helps us feel so supported!

From Mindy to Everyone 10:52 AM

I feel that the public system seems to have a financial desire to take over TK and eventually preschool. It would be great to utilize the facilities already built and excellent teachers who may or may not be able to meet the new guidelines by offering voucher payment opportunities. I am certainly for all children and families being able to attend preschool. It is beneficial.

From Lisa Hindman Holbert to Everyone 10:56 AM

And the TK/K likelihood.
