3.14...

From Destiny @LifeSpring to Everyone 10:11 AM

I am wondering what the requirement and or recommendation is for monitoring the negative result if a symptomatic child is able to return before 5 days. Is this something we need to be sure to document and file? Are at home antigen tests ok? Or still need to be done through a third party or on a school site? I can imagine there may be some issues Just going off verbals.

From Caitlin Clancy to Everyone 10:32 AM

Any updates on what is required to report to licensing in regards to covid exposures at the school or in children's homes?

From Megan Baroni to Everyone 10:33 AM

For clarification, mask mandates for staff are dropped as well? Unless specified in the chart with symptoms and or testing positive ?

From Suzanne to Everyone 10:34 AM

In the CDPH update it only talks about vaccinated Adults and unvaccinated adults and what to do. They do not say anything about boosted people?

From Lisa Hindman Holbert to Everyone 10:38 AM

Not boosted according to 3/2/22 guidance means an adult would have to quarantine after exposure according to CDPH

From Suzanne to Everyone 10:43 AM

Can we get that flow chart?
