

Chat from COE Child Care Briefing Mtg. 3.15.21

Good morning

From Irene Bonilla to Everyone: 10:07 AM

Farsi my kid is 14 years old and he would like to help by calling people to inform them about the vaccine. He is completely fluent in Spanish so the language is not a problem for him. Do you want his help? He is very responsible he is in PCS in 9th grade

Faris sorry

From Mercedes Hernandez to Everyone: 10:07 AM

I still have not been able to get the vaccine.

From Lisa Hindman Holbert to Everyone: 10:08 AM

Maybe we could have a networking session about group size/ratios? We have to consider Title 22 and Title 5 regs. For example 2:14 would be VERY challenging to meet the ratios if an adult steps out for the bathroom, etc.

From Kristen Barkman to Everyone: 10:08 AM

Would it be ok for teachers who have been fully vaccinated to move from cohort to cohort or should we still remain in our stable groups?

From Mercedes Hernandez to Everyone: 10:08 AM

Where could I go to get the vaccine. ?

Sure 559-824-2720

Thank you!

From Yvonne to Everyone: 10:09 AM

on the Kaiser website...it kept telling me that 95062 was not a california zip code!!!

From Troylene Valenzuela to Everyone: 10:09 AM

Good Morning! For home daycare, can other family members that live in the home get vaccinated under our category?

From Nora Caruso to Everyone: 10:10 AM

New CDC guidelines for childcare came out in the past couple of days... I haven't had a chance to look closely at them.

From iPad to Everyone: 10:10 AM

Hi Maggie Nolasco can we also sign up our assistant to get the shot, because my two assistants want to get it.

From Nora Caruso to Everyone: 10:10 AM

<https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/guidance-for-childcare.html>

From Sita Moon to Me: (Direct Message) 10:12 AM

Diane, can you check the waiting room?

From Megan Baroni to Everyone: 10:13 AM

Diane, will you send out the info on the networking call to everyone or should we get on a separate list?

From Lisa Hindman Holbert to Everyone: 10:14 AM

Nora, the guidance was updated on Friday. Have you reviewed the cohort information?

From Nora Caruso to Everyone: 10:15 AM

Sorry, Lisa. I haven't.

From Amy to Everyone: 10:16 AM

Did I hear you say there are new cdc guidelines for childcare? specific to vaccines or more extensive?
Can you please send those out?

nevermind, just saw the link

From Norma's iPhone to Everyone: 10:16 AM

Salud para la gente is offering vaccines for child care providers starting today
(831)728-0222

From Kristen Barkman to Everyone: 10:17 AM

Would it be ok for teachers who have been fully vaccinated to move from cohort to cohort or should we still remain in our stable groups?

From Amy Warren to Everyone: 10:17 AM

In Europe did they have the same vaccines as we do here? Any updates on boosters for the other strains?

From Donna Cherie to Everyone: 10:17 AM

Had to switch between phone and computer. I'd like to help with increasing enrollment advocacy

From Mercedes Hernandez to Everyone: 10:17 AM

Thank you for all the info.

From Nora Caruso to Everyone: 10:19 AM

At some point it would also be interesting to talk about how our best practices can change once the majority of staff are vaccinated.

From Amy Warren to Everyone: 10:19 AM

Oh, I went to the COE and LOVE the check in process!!. Any chance we can use a variation in childcare?
It's amazing!

From Ana Villafuerte -Eng to Me: (Direct Message) 10:19 AM

Do we need to be a patient at Salud in order to get the vaccine?

From Nora Caruso to Everyone: 10:20 AM

Amy, can you share a link?

From Ana Villafuerte -Eng to Me: (Direct Message) 10:20 AM

Hi Diane, can you let Leticia in? She is having a hard time getting in. Thanks

From kimberleysaxton to Everyone: 10:20 AM

When we move to the orange tier and there is literally nowhere for people being called back to work to put their children... then a change will happen.

From Megan Baroni to Everyone: 10:21 AM

There are also so many more families that need care! We can't help any of them with only allowing 14 kids

From kimberleysaxton to Everyone: 10:22 AM

Hang in there, Donna! I do think there is change coming!

From Amy to Everyone: 10:22 AM

we are in the same place Donna....taking a 7K loss a month.

From Tricia Pastor-Cabrillo College to Everyone: 10:24 AM

Larry, can you please clarify what you said again... licensing stated 14 group size including children? I've been going by the PIN which stated the total group is 16 (inc children and staff).

From Lisa Hindman Holbert to Everyone: 10:25 AM

That is my question too, Tricia. CDPH and LICENSING are not aligned.

From Crissy Roubal to Everyone: 10:25 AM

Yes licensing state 14 kids 2 teachers

From Lisa Hindman Holbert to Everyone: 10:26 AM

That's forcing programs that carry 14 children and 2 staff out of ratio.

From kimberleysaxton to Everyone: 10:26 AM

Distancing isn't really this main issue. We can't keep 3 year old children at a distance from one another.

From Kristen Barkman to Everyone: 10:26 AM

I am under the impression it is 16 humans

From Nora Caruso to Everyone: 10:28 AM

I agree, Kim. School aged kids in classrooms can hypothetically sit six feet apart in desks...

From Megan Baroni to Everyone: 10:28 AM

Yes!!!

From Tricia Pastor-Cabrillo College to Everyone: 10:32 AM

Guidance by licensing now allows teachers to be with 2 groups of different kids-am/pm

From Faris Sabbah (He/Him) to Me: (Direct Message) 10:33 AM

I have to jump off :)

From Lisa Hindman Holbert to Everyone: 10:33 AM

CDC doesn't recommend that, Tricia.

From Debbie Banuelos to Everyone: 10:34 AM

we close when that happens Amy

From Tricia Pastor-Cabrillo College to Everyone: 10:34 AM

Cabrillo closes do

abrillo closes down for the day when we do not have subs. Families understand that this is what we need to do when we don't have subs.
