

## **COE Child Care Briefing Meeting 3.21.2022**

Buenos Días

From Karina Garcia to Everyone 09:59 AM

Buenos Dias

From Angelica Renteria to Everyone 09:59 AM

Good morning everyone!

From Mercedes Hernandez to Everyone 10:01 AM

Good morning

From Adina to Everyone 10:07 AM

Want to know that on the chart that was given last week under the child that was expose if it was another sibling does the non-infected sibling have to stay out of school another 5 days after a neg PCR at day 6

From Nora Caruso (she/her) to Everyone 10:09 AM

Very helpful. Thanks so much!

From Kathryn Berens to Me (Direct Message) 10:11 AM

is a Licensing guest going to join us at some time to let us know their rules on this subject or is that cancelled all together?

From Suzanne to Everyone 10:11 AM

California doesn't have any travel restrictions, domestic or international correct? Just recommendations, right?

From Stephanie Simmons Coastal Community Preschool to Everyone 10:12 AM

California refers you to the CDC and yes, there is a 5-day self-quarantine for those unvaccinated. Testing on days 3-5.

From Nancy Cohen to Everyone 10:14 AM

I think we also need to be aware of how serious these different variants are, and not just how many cases there are. This is why we have vaccines. Masking with very young children really does make it more difficult for them in so many ways.

This need to be valued also

From Kymberly H. Burkett3/1 to Everyone 10:17 AM

Question:

If child gets sent home from school not feeling well, school tested (-) child not Vax should they get PCR

From Teresa Maguire to Everyone 10:18 AM

Can you send the travel recommendations?

please and thank you! :)

From Faris Sabbah (He/Him) to Everyone 10:19 AM

Travel Recommendations

Whether your travel is domestic or international, follow CDC travel guidelines here for testing, masking, and quarantine:

Delay travel until you are up to date with your COVID-19 vaccines

If you're not fully vaccinated, but choose to travel, get tested before and after

Non-U.S. citizens and non-U.S. immigrants must be vaccinated to enter the U.S.

No matter your vaccination status, wear a mask while on public transportation or in a transportation hub

Wearing a mask outdoors while traveling is no longer required

Whether you're vaccinated or not, get tested 3-5 days after returning to California

From Teresa Maguire to Everyone 10:20 AM

Thank you!

From Adina to Everyone 10:21 AM

Are the elementary schools filling these same charts?

following

Me to Teresa Maguire (Direct Message) 10:21 AM

Yes, we will send out today.

From Amy Warren to Everyone 10:22 AM

If a child has symptoms we are still requiring the child to stay home. There have been many children in our facility that tested negative multiple times and ended up being positive.

From Lisa Hindman Holbert to Everyone 10:23 AM

Going above and beyond to support families, Kymberly.

From Megan Baroni to Everyone 10:25 AM

The flowchart states that children with symptoms can return after 24 hours with improving symptoms, but I believe last week we talked about a 5-day quarantine with any symptoms. Can you clarify please

Is the isolation only if they choose not to test?

From Lisa Hindman Holbert to Everyone 10:25 AM

That's always been our world with littles immune systems developing. We have navigated lots of viruses and infections and will continue to have this.

From Nora Caruso (she/her) to Everyone 10:25 AM

Amy, how did you put that again? "We are a wellness center"? We also have a zero-tolerance policy for symptoms

From Kathryn Berens to Everyone 10:26 AM

I love "well see"

Well child facility, great way to put it!

From Amy Warren to Everyone 10:27 AM

We are a Well Child Facility and children must be home until symptom free unless an established medical diagnosis is documented in the child's file.

From Megan Baroni to Everyone 10:28 AM

Thank you

From Amy Warren to Everyone 10:28 AM

Thank you

From adina to Everyone 10:28 AM

Are public schools following the same chart as childcare charts?

From Megan Baroni to Everyone 10:30 AM

Can you link that one as well please?

From Amy Warren to Everyone 10:31 AM

Why is the K-12 more restrictive when smaller children aren't able to be vaccinated?

From Faris Sabbah (He/Him) to Everyone 10:31 AM

K12 Student Chart

<https://docs.google.com/drawings/d/1Ov-r2EOeCYU0A7N64x4r4l8qywNZL-IRbSXsn9G oJMs/edit?usp=sharing>

From Nora Caruso (she/her) to Everyone 10:35 AM

We are also not loosening restrictions at this time. I offered to remove masks for our program (all outdoors) for now, and my staff unanimously wanted to keep masks on

From Megan Baroni to Everyone 10:35 AM

A plan would be very helpful!

From Nora Caruso (she/her) to Everyone 10:36 AM

Very much appreciate the idea of metrics being provided

From Lisa Hindman Holbert to Everyone 10:37 AM

I can help her offline

From Faris Sabbah (He/Him) to Everyone 10:37 AM

<http://sccoe.link/inspiresc>

From Amy fair to Everyone 10:40 AM

I have a non-COVID question. I'm wondering what others and the school districts are doing with the new green can/composting with food senate bill??? Are you all doing this?

From Lisa Hindman Holbert to Everyone 10:41 AM

Grocery outlet, second harvest, CSA food distribution companies

From Erendira Guerrero (She, Her, Ella) to Everyone 10:42 AM

Our food vendor just increased our rating due to the cost of food.

From Megan Baroni to Everyone 10:42 AM

We had to start having families bring their own food once COVID began. We probably won't go back to providing it due to cost as well as staffing to prep and clean

From Lisa Hindman Holbert to Everyone 10:43 AM

We did that too at our private center.

From Debbie Banuelos she/her/hers to Everyone 10:44 AM

yes

From Sita Moon, CDRC Santa Cruz to Everyone 10:44 AM

We used to serve snacks and just have children bring lunches.

From Amy Warren to Everyone 10:44 AM

Milk prices are going up again also as of this morning's news.

From adina to Everyone 10:45 AM

What was the warehouse name in San Jose?

From Amy Warren to Everyone 10:45 AM

Restaurant Depot

From Suzanne to Everyone 10:46 AM

Where do they store all the lunches at?

From Nora Caruso (she/her) to Everyone 10:47 AM

We are composting here at the TCC

From Megan Baroni to Everyone 10:47 AM

We have some extra cubbies that we have inside for kids to keep their lunchboxes and water bottles.

We have a compost can as well

From Faris Sabbah (He/Him) to Everyone 10:47 AM

Schools are struggling with this as well 😞

From Lisa Hindman Holbert to Everyone 10:47 AM

What is the name of the senate bill?

From Sita Moon, CDRC Santa Cruz to Everyone 10:47 AM

They kept them in their cubbies. Some had cold packs in the lunch boxes if needed.

From Faris Sabbah (He/Him) to Everyone 10:48 AM

SB1383 I believe

From Amy fair to Everyone 10:48 AM

Senate Bill 1383

From Caitlin Clancy to Everyone 10:50 AM

We ask families to make sure there are ice packs in the lunch packs to keep the food "refrigerated" and the children keep them in their backpacks/cubbies (out of the sun)

From Amy Warren to Everyone 10:51 AM

Yes please!

From Troylene to Everyone 10:53 AM

I like your idea of a legislative committee!!!

From Laura Tobias to Everyone 10:53 AM

Thank You!

From Faris Sabbah (He/Him) to Everyone 10:53 AM

Gracias a todos!

From Megan Baroni to Everyone 10:53 AM

Thank you!!

From Nora Caruso (she/her) to Everyone 10:53 AM

Thanks!

From Erendira Guerrero (She, Her, Ella) to Everyone 10:53 AM

☺

From Angelica Renteria to Everyone 10:53 AM

Thank you Faris for your availability and Diane for facilitating
