From Megan Baroni to Everyone 10:13 AM

Will this apply to teachers as well?

The chart shows guidelines for exposure with no symptoms but what about exposed kids who develop symptoms? Can we make our own guidelines for that?

This chart answers my question, thank you!

From Nora Caruso (she/her) to Everyone 10:14 AM

If not boosted but booster eligible is that considered vaccinated or not vaccinated?

From Troylene to Everyone 10:15 AM

Can you link these charts in the chat, please?

From Faris Sabbah (he/him) to Everyone 10:18 AM

From Amy Warren to Everyone 10:19 AM

Any updates on vaccines for those under age 5?

From Patricia Pastor to Everyone 10:19 AM

While the changes are good to hear, I am concerned that we will go back to having families be thoroughly confused and upset with inconsistencies from varied centers/homes. It's critical to adhere to Title 22 Illness Exclusion Policies.

From Brenda Ruiz to Me (Direct Message) 10:25 AM

please mute Elvira ramos

there was background noise but it's gone now

From Faris Sabbah (he/him) to Everyone 10:28 AM

Me to Sita Moon, CDRC Santa Cruz (Direct Message) 10:28 AM

sita can you manage the background noise?

From Sita Moon, CDRC Santa Cruz to Me (Direct Message) 10:28 AM

I'll try. Now that it's quieter in your area...

From Lisa Hindman Holbert to Everyone 10:29 AM

Logical consequence

From Nora Caruso (she/her) to Everyone 10:30 AM

Flexibility needs to be written into all guidelines...

Is accessibility to testing going to change at all?

From Stephanie Simmons Coastal Community Preschool to Everyone 10:32 AM

We just signed up to have surveillance testing on our site. Inspire will be here once a week.

From Nora Caruso (she/her) to Everyone 10:32 AM

The accessibility to testing has been amazing. We're so lucky to have had this.

From Nancy Cohen to Everyone 10:32 AM

Sorry, I just got here...is it going to be okay to let kids be unmasked inside next week ...or no?

From Faris Sabbah (he/him) to Everyone 10:32 AM

<http://Covid19test.santacruzcoe.org>

From Amy Warren to Everyone 10:34 AM

As we get closer to not having masks my exposure notices from the High school and elementary schools my children attend have increased. UGH

From Nora Caruso (she/her) to Everyone 10:36 AM

Really important to keep windows/doors open especially if no longer masking

From Nancy Cohen to Everyone 10:38 AM

Thank you!

Luckily, we have fantastic ventilation at our school.so ...we got that going for us!

From Kathryn Berens to Me (Direct Message) 10:39 AM

Must we continue to post Appendix A: Social distancing protocol at our entrances? Do we need to post any documents at the entrance regarding COVID?

From Lisa Hindman Holbert to Everyone 10:41 AM

Regarding masks for staff—My understanding is that CDPH guidance supersedes OSHA requirements for Teachers. We are still requiring staff to mask indoors.

I would say yes. It is a personal rights violation to force a mask, according to personal rights via Title 22.

From Crissy Roubal to Everyone 10:43 AM

Thank you Faris

From Kymberly Burkett #3/1 to Everyone 10:44 AM

Yesss PLEASE! A letter would be Great

From Irene Aguirre to Everyone 10:44 AM

Yes please, a letter will be great!! Thank you

From Amy Warren to Everyone 10:44 AM

This is why Anthony needs to join us. Thank you

From Melanie Sluggett to Everyone 10:44 AM

Yes, I would love to have a County letter—thank you 😊

From Nancy Cohen to Everyone 10:44 AM

I'm not at all anti-mask or tax!! But I am pro-social emotional language for young children ...that price needs to be given its proper weight...in my opinion.

From Mindy to Everyone 10:46 AM

When mask mandates were in force, we never could "force" the children to wear them.

From Kathryn Berens to Me (Direct Message) 10:48 AM

I have a question

From Maria Castro to Everyone 10:48 AM

Migrant Head Start is having an unscheduled meeting this afternoon regarding masking--I'm curious if Federal Head Start guidelines will be the same.

From Amy Warren to Everyone 10:48 AM

It gets very hard when not all parents feel the same. Either side can argue isolation and personal rights violations. Above all we must keep everyone safe, staff and children alike.

From Crissy Roubal to Everyone 10:51 AM

I will be keeping health checks and temp checks in the morning and also ventilation, cleaning and all other protocols the same to help with the no masks.

From Lisa Hindman Holbert to Everyone 10:52 AM

I would keep posting about COVID up and reminders of symptoms, Handwashing, etc.

From Megan Baroni to Everyone 10:52 AM

Wednesday for the Town Hall right?

From Discovery Preschool and Family Center to Everyone 10:52 AM

I just had a call with Licensing for an UIR for a COVID case and they asked if we still had all of our COVID signage up and that it should stay posted.

From Nora Caruso (she/her) to Everyone 10:53 AM

We're still suffering from a sub shortage. I've got a teacher out now - they were exposed and now symptomatic so I'm anticipating they will be out for some more days. With now subs... we still may have to close at this point.
