

COE Child Care Briefing Meeting Chat 5.17.21

- **Nancy Cohen**26:38

I would be very concerned about too much emphasis on academics for younger and younger kids...

- **Stephanie Simmons Coastal Community Preschool**27:02

Agreed Nancy

- **Amy Warren**27:05

This will be a problem for childcare's who are already having a hard time with low enrollment.

- **Troylene Valenzuela**27:36

Agree Nancy and Amy!

- **Nora Caruso - Santa Cruz Toddler Care Center**29:20

would also be good to have this group advocate to local jurisdictions

- **Erendira Guerrero**29:36

I think this is a great idea and I would love to contribute to this conversation in how we can incorporate parent and provider voices in these legislative visits

- **LWilliams**29:40

It will impact Preschools/Childcare Center's who have large 4yr. old and TK groups of children.

I have already had an incident last week in preschool...uncomfortable for my teachers...I posted a sign saying we continue to follow the guidelines until further notice

- **Amy Rather**38:19

yep what is the source?

- **Amy Warren**38:46

This is one reason I really appreciate these meetings. It's refreshing to know that we are all following the same guidelines TOGETHER which makes enforcing these rules easier.

- **Kathryn Berens**38:53

Can we water table yet?

- **Nora Caruso - Santa Cruz Toddler Care Center**38:59

Don't we have a county mask mandate as well?

- **Kathryn Berens**39:57

Is graduation still outside? or can we distance inside in a large church? Also are there food restrictions?

- **Faris Sabbah (He/Him)**40:03

- **Nora Caruso - Santa Cruz Toddler Care Center**41:14

I think it's helpful to remember that we're mandated to follow the most restrictive mandates/guidelines - county, state, federal

Are you still continuing to see breakthrough cases with adults, and cases in general with students? Just wondering if things are shifting now that so many are getting vaxxed

- **Lisa Hindman Holbert**45:52

Claro que si

- **Maria Castro**48:36

I'm looking for resources written to appeal to the anti vaxxers--does that exist?

- **Melanie Sluggett**48:41

How often are we supposed to be tested..I've heard it had changed

- **Kymerly Burkett**3/150:01

TJ crew are STILL Masked!

- **Amy Warren**50:47

I had three children arrive today without masks...UGH!

- **Nancy Cohen**53:02

I would be interested in that info also!

- **Amy Warren**56:53

Keep trying!

- **Crissy Roubal**56:56

2 year olds don't wear masks

- **Amy Warren**57:26

They get used to it, we call them super hero masks!

- **Stephanie Simmons Coastal Community Preschool**58:02

there are books about mask wearing on Amazon.

- **Amy Warren**58:29

We celebrate it like its a special thing you can now do now that you're a "big" kid.

- **iPhone de Irene**59:14

It is my understanding that the mask for the third grade below is recommended no mandatory

- **Lisa Hernandez**59:29

Some children will just not wear the masks especially if the parents are not encouraging it. So I think the question was ...what will happen if we get a visit from licensing

- **Karen Hamman**01:00:21

There are also Sesame Street videos on mask wearing that are helpful
https://youtu.be/y_tUA89cOvg

- **Lisa Hernandez**01:00:47

Thank you for that...We need real solutions for the real Day Care Setting

- **Amy Warren**01:02:10

Its the law...

- **Stephanie Simmons Coastal Community Preschool**01:02:41

We can not force a child to wear a mask. We can encourage them throughout the day to wear them.

- **Lisa Hernandez**01:02:56

I thought it was recommended...Law?

- **Faris Sabbah (He/Him)** 01:03:29

We are legally mandated to follow CDPH guidance

- **Yvonne**01:03:36

the last meeting we had with sita and the childcare advocates, she said no more social distancing in childcare?

- **Faris Sabbah (He/Him)**01:03:40

Anychildagedtwo
yearsorlessmustnotwearaFaceCoveringbecauseoftheriskofsuffocation. Moreover, this Order does not require that any child between the ages of 2 and twelve years wear a Face Covering, including but not limited to, when attending childcare activities (as described in Section 12(f)xxvii ofthe March 31 , 2020 Shelter-In-Place Order). Parents and caregivers must supervise use of Face Coverings by children to avoid misuse.
