00:19:13 Lisa Hindman Holbert: It's very inadequate so far.

00:19:24 Nora Caruso (she/her): Mine was accurate

00:20:09 Amy Warren: I'm a little confused on why vaccinated people still need to wear masks indoors if we still can't transmit if exposed.

00:21:46 Lisa Hindman Holbert: This would be nice for us, with different date and order at the top based on OSHA and EXEC order.

00:25:16 Faris Sabbah (He/Him): <https://myvaccinerecord.cdph.ca.gov/>

00:32:18 Amy Warren: Yes please!

00:35:28 Amy Warren: The children won't be

00:36:39 Irene Aguirre: if they drive out of state?

00:36:45 Teresa Maguire: CDC says 7 days with testing for covid on day 3-5 is 10 days somewhere else

00:36:54 Teresa Maguire: regarding travel

00:39:43 Lisa Hindman Holbert: It's CDPH that says 7 days of quarantine after travel with test and 10 days without test.

00:47:16 Lisa Hindman Holbert: The operational guidance forthcoming is for K-12, right?

00:47:23 Lisa Hindman Holbert: From CDC

00:49:25 Lisa Hindman Holbert: For me, this is the interpretation, vaccinated people can be without masks In office at child care setting, without mask. Masked and in common areas, bathroom, kitchen, lobby, masks. CDPH only requires mask INDOORS for children. Staff 100% masked.

00:51:37 Larry Drury: Where should organizations keep the "proof" of vaccination record? Personnel file? Private medical file?

00:52:48 Lisa Hindman Holbert: Medical file only

00:52:55 Lisa Hindman Holbert: Confidential...yes

00:53:06 Nora Caruso (she/her): I also read recently that it's ok for employers to ask prospective employees during interviews whether or not they're vaccinated.

00:55:26 Irene Aguirre: Thank you!!

00:55:57 Lisa Hirahara- Cabrillo College Children's Center: Thank you!
