

## Chat from 6/7/2021 Child Care Breifing

10:10:03 From Maria Fatima Castro to Everyone : Can you ask staff to see proof of the vaccine?

10:10:13 From Kathy\_Lathrop to Everyone : Tricky part is ... are employers able to ask people really due to HIPPA ?

10:10:48 From Ester Chávez to Everyone : Qué pasa con Day Care los adultos vacunados pero los niños?

10:10:57 From Teresa Maguire to Everyone : Do we have any idea if people traveling by airplane or out of state will require covid-19 test or quarantine prior to coming back to care after June 15 if they are not vaccinated? I have families going on vacation and r trying to plan accordingly for their children.

10:14:30 From Kathy\_Lathrop to Everyone : May I speak to TK ? I work with the PVUSD TK program.

10:15:25 From Kathy\_Lathrop to Everyone : Faris .. is the effort to still provide parents choice for CSPP or TK out in the leg process?

10:16:30 From Amy Warren to Everyone : HUGE impact! Especially since we are limited to the number of infants we are allowed to have. A huge part of our income is 3-4 year olds. Infants require more staff and increased liability. This will impact FCCH significantly.

10:17:12 From Troylene to Everyone : I agree, Amy

10:20:26 From Nora Caruso - Santa Cruz Toddler Care Center to Everyone : Are we allowed to share vax status of teachers with parents? Can we mandate vax for employees as a condition of employment?

10:22:49 From Nora Caruso - Santa Cruz Toddler Care Center to Everyone : Also if preschools are expected to pivot to provide care for infants and toddlers, they will need subsidies to pay for the extra teachers needed to cover higher ratios.

10:23:52 From Stacey Reynolds to Everyone : We just had our annual review with Megan and she said TK CSPP children must go to TK, not a choice.

10:24:00 From Lisa Hindman Holbert to Everyone : I want to speak to HIPAA regulations. Protective Health Information is protected and should not be discussed on the floor. An employer can request information about vaccines, but it is protected health information and should remain confidential.

10:24:11 From Melanie Sluggett to Everyone : TK after school care is difficult ...just a thought for future planning..I can speak about this if you want more details

10:24:39 From Lisa Hindman Holbert to Everyone : @sStacey, that's not the final case yet...outcome is still pending based on parent advocacy groups regarding specifically parental choice.

10:24:59 From Lisa Hindman Holbert to Everyone : And field advocacy groups of course...

10:25:05 From Lisa Hindman Holbert to Everyone : NO!

10:25:29 From Karen Hamman to Everyone : AB22 passed the assembly and headed to Senate

10:27:44 From Kathy\_Lathrop to Everyone : Have to jump off for HR Mt. Bye all.

10:28:10 From Lisa Hindman Holbert to Everyone : Yes, and there will be accommodations based on religion and potentially health.

10:31:08 From Lisa Hindman Holbert to Everyone : The funding, if passed, is going to LEAs, which are school districts.

10:32:08 From Melanie Sluggett to Everyone : Currently LEA's don't get paid for the student until they actually turn 5...is the funding model going to change so that IF students are in TK the LEA will be paid from DAY one of TK?

10:33:43 From Maria Fatima Castro to Everyone : Like in Family Child Care....

10:34:24 From Amy Warren to Everyone : Yes Maria

10:34:48 From Donna Cherie to Everyone : Sad to leave. Have to go to the site.....With my mask ;-)  
Please continue the zoom meetings

10:35:02 From Maria Fatima Castro to Everyone : I wish we could schedule during nap times so that family child care providers can attend without being distracted from the children....

10:35:10 From Melanie Sluggett to Everyone : I remember now...we have been providing SEEDS training for TK teachers as well...Where will 1st 5 fall into this system of support for TK teachers in the future?

10:36:42 From Meghan Reilly to Everyone : Hi Melanie, Good question! I will follow up with Vicki and Irene. I will report back. Thanks!

10:36:46 From Amy Warren to Everyone : Interested in both please.

10:37:16 From Leslie Telles to Everyone : Interested in both as well

10:37:40 From Noel Schermann to Everyone : Interested in both sub committees

10:37:42 From Nora Caruso - Santa Cruz Toddler Care Center to Everyone : thanks for your support, Faris.

10:37:45 From Irene Aguirre to Everyone : Interested in both please.

10:38:06 From Kristen Barkman to Everyone : Extremely lucky! Thank you!

10:38:34 From Melanie Sluggett to Everyone : Heading to another meeting...bye everyone...please send out the schedule when we start the every other week if we go to that..

10:38:53 From Troylene to Everyone : interested in both subcommittees

10:39:10 From Cathy Lusk to Everyone : I'd like weekly also

10:39:38 From Kathryn Berens to Everyone : I agree!

10:39:38 From Crissy Roubal to Everyone : Thank you to Faris and everyone!

10:39:57 From Amy Warren to Everyone : This meeting is SO valuable!!

10:40:07 From Nora Caruso - Santa Cruz Toddler Care Center to Everyone : Some very good points, Lisa. I'm still happy to meet weekly

10:40:42 From Amy Rather Community Bridges to Everyone : Faris and this meeting a lifeline for us!

10:40:56 From Amy Warren to Everyone : Can we meet and Faris joins as much as possible?

10:41:05 From Rocio Uvina-Compean to Everyone : I believe you mentioned Cdph will be putting together guidance for classrooms prior to June 15th. will pvusd follow that guidance or will they be creating their own for schools

10:41:23 From Amy Rather Community Bridges to Everyone : Sounds good Amy

10:44:57 From Elvira's iPhone to Everyone : las algunas familias dicen que niños de tres años son muy pequeños para ir a una escuela

10:46:47 From Amy Warren to Everyone : If this does happen we need to come together and speak to licensing about altering the regulations if we are licensed for 14 for example we are only allowed 3 infants under two. This makes over two our bread and butter.

10:47:13 From Teresa Maguire to Everyone : totally agree Amy

10:47:22 From Lisa Hindman Holbert to Everyone : As I mentioned prior, San Lorenzo Valley is already offering. Extended TK (ETK) for children turning 5 on or before June 7, 2022. They start in August. I have 2 centers in the San Lorenzo Valley that will be greatly impacted.

10:47:48 From Crissy Roubal to Everyone : This will hurt child care centers cause they don't need to pay at the public school site. We saw an impact when we went to TK. These are just my thoughts!

10:49:28 From Lisa Hindman Holbert to Everyone : Or close...

10:49:44 From Crissy Roubal to Everyone : I agree Lisa!

10:49:54 From Maria Fatima Castro to Sita Moon(Direct Message) : At what age will children be eligible for TK in September, 2022?

10:51:39 From Lisa Hindman Holbert to Everyone : Yes, Amy.

10:51:54 From Lisa Hindman Holbert to Everyone : But the sponsors are strong advocates in our field Early edge and Kidango, etc.

10:52:27 From Cathy Lusk to Everyone : I support Parental choice !!!

10:53:34 From Amy Warren to Everyone : How do we do this? :)

10:53:49 From Leslie Telles to Everyone : 6

10:54:03 From Maria Fatima Castro to Everyone : So who would be the statewide organization that should lead the effort to change the law?

10:54:47 From Cathy Lusk to Everyone : Every Child California

10:56:45 From Amy Warren to Everyone : THANK YOU!!

10:56:45 From Tricia Pastor-Cabrillo College to Everyone : Interested in both subcommittees

Thank you Faris for your continued support of important & critical work we are doing to ensure the implementation of high quality early care & education programs for Santa Cruz County.

I'm hoping that county wide Superintendents and site Principles will be participating in these committees related to the expansion of TK so that policies, procedures and professional development expectations are built together.

Thank you all.....

10:59:57 From Maria Marin Romero to Everyone : Gracias 🙏

11:00:04 From Elvira's iPhone to Everyone : gracias

11:00:11 From Maria Castillo to Everyone : Gracias
