Will the County Office of Ed

From Me to Sita Moon: (Direct Message) 10:08 AM

What's the name of the Ombudsman for our county?

From Sita Moon to Me: (Direct Message) 10:08 AM

Natalie Dunnaway

From Maria Castro to Everyone: 10:15 AM

Is SPOT available in Spanish?

From Lisa Hindman Holbert to Everyone: 10:16 AM

If a child is positive, it doesn't mean exclusion, we would assess the last date on site and follow public health guidelines.

From Troylene to Everyone: 10:17 AM

Once a person is exposed or has symptoms, is there a wait time requirement before getting tested?

From Amy Warren to Everyone: 10:19 AM

If children are told to isolate for 14 days do they have the options in public schools to switch to distance learning?

From Kathryn Berens to Everyone: 10:19 AM

Sounds like a financial risk to close that often? For private pay

From msluggett to Everyone: 10:20 AM

Is there any continuing legislation ( payment for sick time) for people who are having to quarantine because of an exposure OR if someone tests positive? I think it was available until June 30...did it continue past July 1?

From Lisa Hindman Holbert to Everyone: 10:22 AM

Delta variant viral load has changed testing to 3-5 days after exposure. CDC came out with new guideline last week.

Yes, Melanie. COVID leave is available through CA through the end of September currently 80 hours, can be intermittent. Faris could speak to school district benefits.

From Tricia Pastor-Cabrillo College to Everyone: 10:23 AM

Thank you Faris for reviewing this information. The problem I've experienced is that there are minimal "testing" sites open. CVS/Walgreens 2 weeks out with appt. Dignity only tests if you have symptoms, not for exposure, etc... any ideas of

where we send.

Cabrillo tests for students

From Faris Sabbah (He/Him) to Everyone: 10:23 AM

SPOT is in available in Spanish

From kimberleysaxton to Everyone: 10:24 AM

My understanding is that it has been extended through Sept.

From Maria Castro to Everyone: 10:27 AM

Is there a minimum age to get tested?

From Sita Moon to Me: (Direct Message) 10:27 AM

Can you check the wait room? Someone wants to get in.

From Kathryn Berens to Everyone: 10:28 AM

Young twos are very difficult!

From Vicki Boriack to Everyone: 10:30 AM

I just got a test at the Civic on Friday. I made the appt on Thursday and there were tons of appts available. They have walk-in appts available too. I got my results on Sunday

From Troylene to Everyone: 10:31 AM

Outside of the education sector, in Santa Cruz is it a requirement to wear a mask in public/business indoors?

From Jessica C. to Everyone: 10:34 AM

Is there any help with the cost of weekly testing for centers who are not state funded?

From Leslie Telles to Everyone: 10:38 AM

So day care homes would be able to have access to the supply as well?

From Jessica C. to Everyone: 10:39 AM

How can we enroll in the training?

From Maria Castro to Everyone: 10:39 AM

Providers often contract with several agencies at the same time.

From Leslie Telles to Everyone: 10:41 AM

Got it, so we as sponsors of day care homes could get trained and then trained our day care home providers, is that what you are saying?

Thank you for the clarification

From Faris Sabbah (He/Him) to Everyone: 10:45 AM

Training we will offer

1. SPOT Reporting to Public Health when there is a positive Case
2. Antigen Testing for Staff and Children
3. General COVID19 Guidelines for ECE Programs

From Tricia Pastor-Cabrillo College to Me: (Direct Message) 10:47 AM

Diane, thank you again for hosting! You are truly exceptional! I'd like to be in the list for training to be able to test at our site. I could do our Casa homes too?

Thanks.
