yes they are vaccinated

Is there a way to confirm we are signed up for the training?

Brianne Ryan to Everyone 10:14 AM

Thanks for talking about mental health. My teens go to school with the kids who were at the party. It will be a tough week in SLV.

Nora Caruso (she/her) to Everyone 10:16 AM

Is that sesame care only for our county?

Diana Hodge, she/her to Everyone 10:19 AM

SesameCare is a statewide program, connecting ppl who qualify for test-to-treat care so that antiviral medications get to those who need it and qualify, who are aged 12-49yo.

You to Sita Moon (Direct Message) 10:19 AM

Thank you for helping, but Fairs asked me to email everyone on the list who signed up..

PVCC to Everyone 10:22 AM

Irene, are kids vaccinated? Because if kids aren't vaccinated then they should wait 10 days before allowing children back.

Nora Caruso (she/her) to Everyone 10:22 AM

Anecdotal experience: my sister in LA was moderately sick all last week. Tested negative three times over three days with antigens while symptomatic. The PCR test just came back positive. Wondering if antigens are not picking up new variants?

Irene Aguirre to Everyone 10:24 AM
