From Nora Caruso (she/her) to Everyone 10:28 AM

quick monkey pox question

From Ramona McCabe to Everyone 10:30 AM

What is the current requirement around reporting cases to Licensing?

From Suzanne to Everyone 10:30 AM

On preschool guidance it states if child positive testing on day 5 highly recommended so it's not required?

From Diana Hodge, she/her to Everyone 10:33 AM

And Suzanne, you can make it a requirement at your site if you choose to, for children who are old enough to test. (Kids under 2 or u18mos have fewer testing options). But you can choose to require a neg test taken on Day 5, if you want to. Thanks, Diana

From Nora Caruso (she/her) to Everyone 10:39 AM

I'd be curious to hear from other providers and centers if they're exceeding any CDC/CDPH requirements re exposures or positive cases, or if people are easing up at this point.

If people could answer in the chat that would be great. thanks!

From Ramona McCabe to Everyone 10:42 AM

we've seen many new COVID cases in the last week since we've been back in session at Head Start

From Alison Steinberg to Everyone 10:44 AM

We are still following the flow charts-- with a few exceptions in there (children & staff have to test negative to come back). Biggest struggle is the masking requirement for

under 2's, we are still asking them to stay out for the full 10 days since they can't mask (Preschool children go home at nap with exposures)

From Lisa Sandoval PVUSD to Everyone 10:44 AM

If (testing/quarantine etc) is not required by our district or licensing we are not requiring

From Alison Steinberg to Everyone 10:45 AM

edit—they can come back after day 10 even if still testing positive (For UCSC EES)

From Maria Castro to Everyone 10:48 AM

And let me know if you'd like a recruitment flier for Migrant Head Start ...466 5851
